

- 09:00 – 10:00 REGISTRATION AND COFFEE
- 10:00 – 10:30 WELCOME AND INTRODUCTION BY CHAIR  
(Paul Bodelier, Netherlands Institute of Ecology)
- 10:30 – 11:10 MICROBES AND INSECTS – THE EVOLUTIONARY STABILITY OF MONOCULTURE FUNGUS FARMING BY TERMITES  
(Duur Aanen, Wageningen University)
- 11:10 – 11:40 COFFEE / TEA
- 11:40 – 12:20 MICROBES AND SOILS – CAUSES AND CONSEQUENCES OF MICROBIAL DIVERSITY  
(Joana Falcão Salles, University of Groningen)
- 12:20 – 13:00 MICROBES AND PLANTS – THE PLANT MICROBIOME AND PLANT HEALTH  
(Corné Pieterse, Utrecht University)
- 13:00 – 14:00 LUNCH

**19 NOVEMBER 2015**

Conference Centre de Werelt  
Westhofflaan 2, Lunteren

## *Microbial Power*

*Impact of microbial communities: from gut to globe*

- 14:00 – 14:40 MICROBES AND HUMANS – THE ECOLOGY OF THE HUMAN MICROBES IN HEALTH AND DISEASE  
(Eric Alm, Massachusetts Institute of Technology)
- 14:40 – 15:20 MICROBES AND WATER – MARINE VIRUSES: FROM THE INDIVIDUAL LEVEL TO LARGE SCALE EFFECTS  
(Corina Brussaard, Royal Netherlands Institute for Sea Research)
- 15:20 – 15:50 COFFEE / TEA
- 15:50 – 16:30 MICROBES AND CLIMATE – IMPORTANCE OF COMMUNITY STRUCTURE FOR N<sub>2</sub>O EMISSIONS  
(Sara Hallin, Swedish University of Agricultural Sciences)
- 16:30 – 17:00 PLENARY DEBATE
- 17:00 – 18:00 DRINKS

### Information and registration:

See [www.nern.nl/CT2015](http://www.nern.nl/CT2015) or contact [claudius.vandevijver@wur.nl](mailto:claudius.vandevijver@wur.nl)

Fee (including lunch, coffee, tea and drinks):

MSc students / PhD candidates	€ 30,-
All others	€ 60,-

### Organisers:

Dr. Paul Bodelier (Netherlands Institute of Ecology)  
Prof. Wietse de Boer (Netherlands Institute of Ecology)  
Dr. Claudius van de Vijver (NERN)  
Dr. Lennart Suselbeek (NERN)
